Dear Art,

Good statement. Thanks for sending. A month ago I wrote Parks (who had phoned me from N.O.). Forget to send you carbon (enclosed).

He hasn't answered. Nor has my earlier communication been acknowledged. Par. ?

Not much new here. Wife has 75% of COUP addition typed. It'll run 200,000 words - too long by far, but necessary record.

I never hear from LA any more. All those who owe me money, have troubling consciences (or both) apparently have gotten together and decided I'm some kind of baddie.

Heard from Moo last week, surprisingly. He said they haven't heard from Mark in nine months and asked if if I have. Haven't. That was not the purpose of his call.

Hope you are all well and happy.

Best,
